

Alexander the Great

Hello, my name is Alexander the Great. I am one of the greatest leaders of all time. As king of Macedonia, I conquered Persia as well as Egypt and continued my empire to northern parts of India. I cried because there was nothing left to conquer. I died in Babylon at the age of 33.

Dress as a Macedonian king and warrior. Hold a toy sword and, while speaking, walk over to the Egypt team and act as if you are conquering them. Cry when you have nothing left to conquer. Then pretend to die.
