

## Constantine

Hello, my name is Constantine. I am known for being the first Christian emperor of Rome. Under my rule, Christianity became the main accepted religion. I united the Roman Empire and chose the Greek city of Byzantium (Bye-zan-tee-um) as the new capitol. I renamed it Constantinople (Con-stan-tih-no-pul) after myself, but today it is known as Istanbul (Is-tan-bull).

***Dress as an emperor and carry a large cross in your hand.***
