

Julius Caesar

Hello, my name is Julius Caesar. "I came, I saw, I conquered!" I am one of the most famous leaders of Rome. I was a great military general and, along with Crassus and Pompey, was elected consul to form the First Triumvirate (tri-um-ve-ret) which means, leadership of three. I went against the others and declared myself dictator for life. I made many improvements for the Roman people, including developing the Roman calendar. Fearing that I would make myself king, the Senate assassinated me on March 15, 44 BC.

Dress as a Roman general. Carry a toy sword.
