

Rameses

Hello, my name is Rameses (*Ram-sees*) the Second. I consider myself to be a great ruler. I did battles with the Hittites (*hit-tights*) and eventually reached peace with them by marrying the king's daughter. I had many statues erected in my honor. It was during my reign when Moses and his God brought ten great plagues upon Egypt. I finally let his people, the Hebrews, who were my slaves, leave for Israel.

Dress as the pharaoh and bring an example of one of the plagues, perhaps a flyswatter or toy frogs.
