Horus

(Myth)

Hello, my name is Horus. I am one of the most important gods of Egypt. After my uncle Seth killed my father, my mother became magically pregnant with me. When I grew up, I avenged my father's death and fought great battles against my uncle for control of Egypt. According to the myth, when I defeated him I became king of Egypt. Every pharaoh was thought to be me in human form.

Dress as a god and <u>wear a crown</u> on your head. Choose a teammate to play Seth and reenact a short battle.
