

## PRESENTATION INFORMATION LETTER

Dear Parents and Caregivers:

We at California Weekly Explorer are making history come alive as your student participates in an exciting virtual presentation of **Walk Through California!** This fun 2½ hour experience will highly engage your student and help them to retain important information from their 4th grade social science curriculum. Since 1981 **California Weekly Explorer, Inc.**, has educated hundreds of thousands of 4th, 5th, & 6th grade students throughout the state of California.

During the presentation students will have an opportunity to participate in a number of ways and earn points for their team with a friendly competition. One or more **Expert Word Cards** have been assigned to your student. Please help your student to practice reading their card(s) out loud, working on pronouncing all the words correctly and to find the answer(s) to the question on the card(s). This will help earn points for their team during this friendly classroom competition. To add to the fun, we highly encourage students to dress in either a costume depicting their Expert Word card or in historical attire celebrating the three main periods of California history: Spanish Colonial era, Mexican control, the Gold Rush, and United States statehood.

Please visit us [here](#) for ideas and click on our [photo gallery](#) for inspiration. This helps build excitement for participation in **Walk Through California**.

Please note:

- This is an interactive history lesson and not a school play. Due to engagement factors, we do not allow guests to join the virtual platform. Should your student be participating from home, please try to keep distractions to a minimum. Parents, caregivers, and siblings are more than welcome to view from over the shoulder but remember, this is an educational activity.
- Due to copyright laws, recording is limited to your student's performance only. We do not allow recordings of the presenter or of the entire event. Still images are welcome.

Many students and teachers tell us that the **Walk Through California** presentation is one of their favorite events of the school year. We are looking forward to promoting a love of history in the lives of students that will last a lifetime!

Your student's **Walk Through California** virtual presentation will take place:

Date \_\_\_\_\_ Time \_\_\_\_\_ to \_\_\_\_\_

Sincerely,

---
